Soil has many layers. The top layer of soil is good for growing plants. It has humus in it, which is basically dead animal debris. Humus gives the roots lots of minerals to grow.	Maps are used to find a location. Lines of longitude run up/down or North/south. The prime meridian is the line of longitude at 0 degrees.	girl asked. She looked around the room for guilty faces. She thought "There is no way my teacher did that!" Mrs. Potts pulled her lunch box from behind her back and said "This is why you don't leave your lunchbox at school. It stinks the next day!"
My kite flew higher and higher. It swerved and danced among the clouds. The cool wind cut through my clothing giving me goose bumps, but I could not reel my kite in. It was having too much fun up there!	It's time to vote! I hope you will vote for Megan Gomez for Mayor. Megan is a great person with lots of experience making hard decisions. She will work hard for our city. Please vote for Megan Gomez! GO GOMEZ!	The United States has lots of rivers, but there are 5 major rivers every 5 <sup>th</sup> grade student should know. The Rio Grande, Colorado, Mississippi, Ohio, and Hudson Rivers are major rivers in the US. They help give our country water and even electricity.

Dr. Evans breaks it down showing us God's promises, our responsibilities, and how to walk boldly and confidently in our purpose. Evans plans each one of these to let the believer know how valuable they are to God and how He has planned our lives. Excellent book that will help you discover how to find your purpose and walk in it. Each one contains a verse or two, a nice medium length devotion and a prayer. God was very intentional when He created us to be totally unique, rare and valuable. However, it helps you to understand why you were given the talent or gift you have, pitfalls to avoid, and the importance your calling has to this world and to God. Excellent daily devotions and for anytime you need personal time with Jesus. ...more 4+ StarsDefinitely, one I would recommend. Incredibly informative. I always appreciate Evans's clarity of communication, style, and Bible-focused teachings. Regarding your calling, "Called for a Purpose" is not prescriptive in finding out what your calling is exactly, and it never claims to. God was very intentional when He created us to be totally unique, rare and This devotional book will encourage you, convict you and guide you to fulfilling the destiny that your Creator has chosen for you. I learned that we must be prepared for our calling. Recommended.\*My thanks to the publisher via Net Galley for a copy of this book. If we stay focused, our calling will bring glory to God. We are encouraged to get to know our creator, the One who created us as a masterpiece...a piece of the master. Easy, quick, bite-sized devotions but so encouraging, and spoke so much to where I am at the moment. The stories shared were memorable, and the applications were poignant and helpful.
